

hope and homes
for children

A Moldova in which children no longer suffer institutional care.

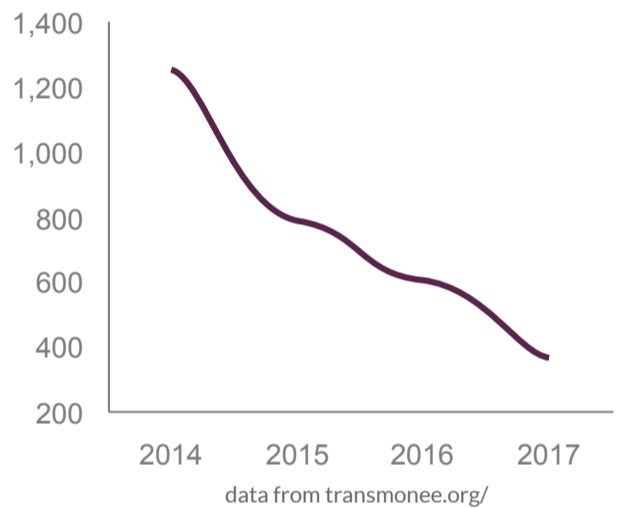

The Strategy for Child Protection (2014-2020) was approved by the Government of the Republic of Moldova on June 10, 2014. With its Action Plan for 2016-2020 approved May 31, 2016.

Total children in institutions for children

Number of children with disabilities in residential care

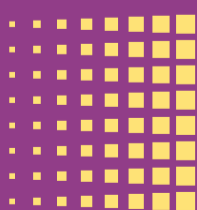

In 2019, civil society successfully lobbied for a change to the law that diversifies the allowances for children in care based on their needs.

limited specialized foster care, with insufficient prevention services and the resistance of medical professionals that manage institutions for young children, slow child protection system reforms.

priorities for 2020

Introduction of foster care in minimum social services package to be centrally funded

Diversification of support to stimulate foster care for most complex needs children

To enforce the national gate keeping
